\*Access from AT&T is a low cost program for home internet service to eligible limited income households who participate in the Affordable Connectivity Program, Supplemental Nutrition Assistance Program (SNAP), and Supplemental Security Income (SSI) for California residents. Eligible households who qualify and enroll in the Affordable Connectivity Program and Access from AT&T can receive internet at no charge with AT&T Internet plans (768K-100M) and w/AT&T Fiber (100M only). The Affordable Connectivity Program is a federal government benefit program operated by the Federal Communications Commission that lowers the price of eligible internet service up to \$30/mo., or up to \$75/mo. on Tribal Lands. The benefit is not transferable to other consumers. Only one benefit is allowed per household. If the program ends, you transfer your benefit to another service provider, or you are no longer eligible for the program, regular plan rates will apply. AT&T reserves the right to remove the monthly benefit discount at any time. If your monthly service charge is \$0 after the benefit is applied discount, you must use your service every 30 days, or the benefit discount will be removed.
